That's what we call our establishment, and with reason

We selected Hart Schaffner & Marx clothes in preference to all other makes because, embodied with the utmost durability and latest style, there is the nicety of color and pattern in the fabric, that perfection of tailoring which appeals to discriminating men of taste, and they cost no more than ordinary clothes.

CHATTANOOGA GETS REUNION

BY ALMOST UNANIMOUS VOTE TENNESSEE CITY CAPTURES THE HONOR.

Macon, Ga., May 8.—The choosing of Chattanooga, Tenn., as the reunion city for 1913, the unanimous, enthusiastic acceptance of the invitation of Gen. Trimble, commander in chief of the G. A. R., to merge the Blue and the gray in a celebration at Gettysburg in July, 1913, and the crowning of Miss Mary Scandrett of Macon as queen of the 1912 reunion before 20,000 people featured the third day of the twenty-second annual U. C. V. meeting.

All is in readiness for the two big features of tomorrow, the election of a commander in chief to succeed the late Gen. George W. Gordon and the parade of the long line of gray that will file through the wide and shaded streets of Macon in the annual march.

The vote for the 1913 reunion follows: Chattanooga 1,048, Jacksonville 606, San Antonio 476.

At 5 o'clock this afternoon Coleman's Hill from which Jefferson Davis made his last speech to Confederate soldiers, was a bright-hued mass of people from all over the South, numbering according to a conservative estimate, 20,000, to witness the coronation of Miss Scandrett.

Half a dozen bands recruited from Oklahoma to Florida surrounded the dais, and as the queen and her ladies drove up on a white float decorated with American Beauty roses, a roar went up from the crowd. The crown was placed upon her head by Col. W. A. Harris, chairman of the reunion. Tonight at the grand ball at the Park Auditorium Miss Scandrett and Gen. Irvine Walker led the cotillion.

More than 1,000 couples, daughters of the South and grizzled old men, danced until long past midnight. Tomorrow it is generally conceded that Gen. Bennett H. Young of Louisville, Ky., will be elected commander in chief of the United Confederate Veterans.

Veteran of Three Wars Retires.

Washington, D. C., May 9.—The only general whose service dates back to the days of the civil war was removed from the active list of the army today, when, by reason of the fact that this was the sixty-fourth anniversary of his birth, Brigadier General Daniel H. Brush was retired from active service. Until recently General Brush was in command of the Department of California, with headquarters at San Francisco. A service of 45 years in the army and 41 years as a commissioned officer is the record he leaves behind him.

General Brush is a veteran of the civil, Indian and Spanish wars. He is a native of Illinois and served in the civil war as a private in the 145th Illinois Volunteer Infantry. He enlisted at the age of sixteen and served with credit until the end of the war, when he received an appointment to West Point. Upon his graduation from the military academy in 1867 he was appointed second lieutenant of the 17th Infantry. For twenty-three years he was stationed in the far west, and took an active part in several Indian campaigns.

He was with Gen. Stanley in the Yellowstone expedition in 1872 and took part in the fight at the mouth of the Powder river. He commanded a company of Indian scouts in the Yellowstone expedition, under Gen. Custer, in the following year and was in the fights on the Yellowstone and Tongue rivers.

When the Spanish war broke out General Brush, serving as a professor of military science at the University of Illinois, applied for leave, and went to Cuba with the 17th Infantry and participated in the fight at El Caney and at Santiago. The next year he went to the Philippines and was in the field constantly in the operations against the insurgents, being especially active in the engagements at San Fernando, in Luzon. He was promoted colonel of the 24th Infantry in May, 1907, and held that command until February, 1908, when he was appointed a brigadier general.

QUICK ACTION ON CITY CHARTER

ATTORNEY GENERAL RECOMMENDS THAT GOVERNOR APPROVE IT—MAY DO SO TODAY.

Yesterday City Attorney J. E. Webb submitted the recently adopted charter of the city of Ada to the attorney general's department at Oklahoma City. C. T. Angel, who was also present, states that W. C. Reeves, assistant attorney general, made a careful examination of the proceedings and complimented Ada on the fact that the proceedings were about the best and fullest submitted to his office. He recommended the approval of the charter by the governor and Mr. Webb went to Ardmore last evening to secure his signature. He will probably return this afternoon.

Under the provisions of the charter the primary will be held the third Tuesday after its approval by the governor and the election two weeks later. If, as expected, Gov. Cruce acts at once, the primary will be held May 28 and the city election May 11. The new commissioners will probably qualify and take their offices about July 1, the beginning of the next fiscal year.

Literature and Slang.

"Booze," as a word connected with taking strong drink, dates back two centuries, and in the spelling "booze" may be found at even as remote a date as 1300. "Fresh," in its signification of forward, comes from 1803. "Some pumpkins" popular slang in bucolic circles, is of ancient lineage. "Gab" has been slang for a century. "Squelch" in the seventeenth century was in good use. Of two words in vogue to express drunkenness half a century ago, "tight" is much alive, while "Whittled" has been dropped. There are no fixed laws to gauge the life of slang or to predict its entrance into the language.—Collier's.

Ways of Providence.

Two dear old ladies were discussing husbands. Said the first: "I have been married three times. Each of my husbands is dead, though. They were all cremated."

Her friend was a dear old maiden lady. She listened attentively to her friend, and when she had concluded the sad story of her life, she said: "How wonderful are the ways of Providence. Here I've lived all these years, and have never been able to get one husband, and you've had husbands to burn."—The Argonaut.

Not only is "Hiawatha" well worth the price of admission, but the proceeds will be used to perpetuate the Ada normal in its career of usefulness. At the normal Friday evening.

Three full reels of pictures will be shown as follows: "The Ranch Widower's Daughters," "Army Aviators" and "Mid-Winter Night's Dream."

Charges that the large interests have attempted to obtain the million

Funny how anxious some people seem to be to kick a man who is down. Clarence Richeson, who is soon to be executed in Massachusetts for the murder of his sweetheart, is now accused of having been a Mormon elder.

One county convention in Tennessee instructed its delegates to vote for men who would support Clark for president in case the republicans nominated Taft and Harmon in case the republicans nominated Roosevelt. There are some politicians in that county, it would appear.—McAlester News-Capital.

A Kansas editor got off the following: Ten cents a line straight will be charged for all obituary notices of business men who do not advertise while living. Delinquent subscribers will be charged 15 cents a line for obituary notices. Advertisers and cash subscribers will receive the best in the shop free when they shuffle off. Better send in your back subscriptions now, as the hog cholera is abroad in the land.—Kansas City Journal.

Sometime ago "Dynamite" Ed Perry filed complaint with President Taft that postmasters and other federal officeholders of Oklahoma were "perniciously active" in their zeal to carry the state for Taft. Naturally Taft could see nothing pernicious in such activity, but he did see something most pernicious in the support some of them gave Roosevelt and some heads have fallen as a consequence. It makes a difference who a man is actively supporting, you know.

According to the Oklahoman some of the citizens of the metropolis are devoting some attention to tracing their ancestry back to aristocratic families of the middle ages. However, when it comes to real merit, there is no one who has more reason to be proud of his ancestry than a descendant of an '89er. Those were people who conquered the wilderness and reduced the prairies to cultivation, founded the cities, and no man worthy of the name should experience any feeling but that of pride in the achievements of those people. F. F. O. should carry with it the same pride as F. F. V. We have no patience with snobs who boast that their ancestors were among the profligate loafing class of Europe centuries ago. Modern achievements are what counts in our estimation.

In extending a hearty western welcome to Dr. Stratton D. Brooks, the new president of Oklahoma University, the News has badly misjudged the man and his broadness of mind if he does not come out flat footed in opposition to the Akin bill. Acting President Monnett did the great state university a great injury when he took a stand with Akin and probably helped him prepare his nefarious measure. Brooks will probably lose no time in righting the school before the people of the state.

The Oklahoman's staff correspondent sends a dispatch from Oyster Bay to the effect that he knows whereof he speaks when he declares that Roosevelt will bolt and run as the head of a party of his own if Taft takes the nomination from him at the Chicago convention. Recent speeches of both candidates show that there is little chance for a reconciliation between the old time friends and that the very best that can be expected of the loser is for him to sulk in his tent and when the democrats elect their nominee in November to come forth with a cynical grin and say, "I told you so."

ARE TO EXPLORE VENEZUELA

Americans Going With—T. F. Ryan Expedition—May Find Rubber.

New York.—An exploring expedition is to leave Jacksonville, Fla. in a few days to pass several months in the tropical fastnesses of Venezuela. Capt. A. C. Juell of this city will leave New York to take command of the expedition, which is financed by Thomas F. Ryan. The equipment of the party will be elaborate and the personnel includes four engineers and several other experts. The trip is to be made in the schooner yacht Wayfarer, now at Jacksonville.

In consideration of his financing the expedition and furnishing to the Venezuelan government charts of the waters the yacht and a small fleet of power launches may explore. It is said that Mr. Ryan will get from that government concessions of all rubber forests and mines that may be discovered by the expedition.

The engineers will make charts of the tributaries of the Orinoco explored and whatever other waters may be traversed. The Wayfarer is equipped for general trade with native tribes, and will tow four whaleboats fitted with gasoline motors, by means of which the Orinoco and its tributaries will be traversed when the yacht is unable to proceed further.

DIES OF "FORTUNE" TALE

Lovelorn Girl Consults Soothsayer, Then Swallows Poison—Attempted to End Life Before.

Allentown, Pa.—After a visit to a fortune teller, who could not give her any encouragement that she could get back her lover, William Sterner, with whom she had fallen out four years ago, Miss Mary A. Nagle aged twenty-eight years, a silk winder, committed suicide by taking carbolic acid. She was motherless and had for years lived with Mr. and Mrs. Victor Kramer, who regarded her as a member of the family. On returning home the girl was greatly depressed, explaining how the fortune teller's philters and potions had failed and that the casting of the horoscope had not given any hopeful sign.

When she intimated that she might drown herself Mrs. Kramer tried to cheer her up. During the night, however, there were sounds of distress from Miss Nagle's room. The door was broken open and she was taken to the hospital, where all efforts to save her proved futile.

Once before, soon after the rift with her lover, she tried suicide by swallowing match heads and left a long letter giving minute directions for her funeral.

TELL STORIES OF LEFEBVRE

Luck of an American Millionaire Who Tried to Bargain with Noted Painter.

Paris, France.—The death of Jules Lefebvre, the celebrated French portrait painter has been followed by many anecdotes of his interesting career. Despite his success Lefebvre remained what he was from the start—a man of simple and charming manner. On one point alone was he firm and intractable. He detested utterly any form or attempt at bargaining.

One day, so the anecdote goes, an American of wealth called to see him. "I would like," the American said to the artist, "a full length portrait of myself. How much, if you please, will it be?"

"Twenty thousand francs" (about \$4,000), replied Lefebvre.

"Very well. But if I ask you to make two portraits instead of one—that is, one of my wife and one of myself, I suppose your price will be different."

"Certainly," responded the artist. "And how much will it be?"

Lefebvre reflected a moment, then said simply, "It will be 40,000 francs." The American paid.

CITY FREES DYED RODENTS

Seattle Health Commissioner Tries to Trace the Drift of City's Rats.

Seattle, Wash.—If Seattle citizens fail to see brilliantly colored rats scampering about the streets it will not be because the rats are not there. Health department officials liberated twenty-five dyed rodents for purposes of identification. Each rat has a price of \$2 on its head, whether captured dead or alive. The purpose is to trace the drift of the rodent population as it migrates from one section of the city to another.

"At this time of the year rats leave the water front, where they stay during the winter months, and make their way to hills and residence sections of the city," said Health Commissioner Crichton.

GROUND HOG TIRED OF COLD

Bound South on Brakebeam in Modern Way—Journey is Interrupted.

Salt Lake City, Utah.—The progressive movement has reached the ground hog, as shown when one of the little animals was detected by a car inspector, beating its way on the brakebeam of a Western Pacific passenger train. The tour of the marmot ended under a waste paper basket, in which it was caged by a baggage man.

"Smart ground hog," commented the railroad men. "No back to the hole for it; it was going south for the rest of the winter."

A Common Sense Treatment Quickly Relieves All Distressing Symptoms

If you have any symptoms of catarrh, such as stuffed up feeling in the head, profuse discharge from the nose, phlegm in the throat, causing hawking and spitting, dull pain in the head, or ringing in the ears, just anoint the nostrils or rub the throat or chest with a little Ely's Cream Balm, and see how quickly you will get relief.

In just a few minutes you will feel your head clearing, and after using the Balm for a day or so the nasty discharge will be checked, the pain, soreness and fever will be gone, and you will no longer be offensive to yourself and friends by constant hawking, spitting and blowing.

Shake off the grip of catarrh before it impairs your sense of taste, smell and hearing and poisons your whole system. In a short time you can be cured of this distressing disease by using Ely's Cream Balm. The healing, antiseptic Balm does not fool you with short, deceptive relief, but completely overcomes the disease. It clears the nose, head and throat of all rank the rank poison, soothes, heals and strengthens the raw, sore membranes, and makes you proof against catarrh.

One application will convince you, and a fifty-cent bottle will generally effect a complete cure. Get it from your druggist and start the treatment at once.

ADA LOSES TO SACRED HEART

DETAILED ACCOUNT OF GAME PLAYED WEDNESDAY AFTER-NOON—NORMAL LOSES OUT

The seemingly inevitable has happened. The baseball team of the E. C. S. N. has been defeated on its own grounds. This feat was pulled off yesterday, the visitors being none other than the Sacred Heart Catholics, managed by that veteran player, Bruso. The game was lost not lost either, for the Ada boys tried in so many ways to give the game to the opposing team that they finally succeeded.

Now if we had to explain why Ada lost, the explanation would be this: We had no pitcher in trim. Bruce Ligon is in the mountains, Pat Jones, the best young twirler in this part of the state, was weak from a spell of sickness. Games perhaps have been won without pitchers but this one was not. Pat pitched and pitched well, but his weak condition showed strongly.

The first inning resulted in three scores for Sacred Heart to Ada's none. From time to time the visitors scored again till they had piled up seven scores. In the last part of the eighth, the home boys got busy and pushed over two lone tallies, also one in the ninth. This one was more than offset by the visitors two. Final score Ada 3, Sacred Heart 9.

Line-up for Ada: Buttram, lf; McCain, ss; McDaniel, c; Jones, p; Roddie, cf; Fuls, c; McDaniel, p; McMillan, 3b; Houpt, 2b; Little 1b; Bren's, rf.

Mexico has two men claiming to be president, and a rebel general who says neither shall hold the job any longer than it takes him to chase them out of the country. The Mexican idea of an election seems to be by use of the bayonet.
